

COURSE DESCRIPTION

The Certified Healthcare Safety Professional (CHSP) workshop is designed to instruct the attendees on methods of developing and improving their safety and health programs. This intensive 3-day course stresses practical approaches to healthcare safety, while meeting the new JCAHO and certification board training requirements. Each participant will receive a healthcare safety manual that can be used for both policy development and CHSP exam preparation. Historically, this course has exceeded a 90% pass rate.

WHO SHOULD ATTEND

Participants should have a basic working knowledge of healthcare safety. This course is designed to be a review and learning experience for the following individuals:

- Safety and Risk Managers
- Department Managers and Directors
- Occupational Health Nurses
- Consultants and Service Providers
- Insurance Agents
- Nursing Home & Clinic Representatives

CHSP EXAM

The exam for the Certified Healthcare Safety Professional will be given on the last day for those who apply to take it. Application forms for the exam can be obtained from:
